

## AMERICAN SOCIETY OF EYE PHYSICIANS AND SURGEONS DAMAGE CONTROL OPTHALMIC TRAUMA IN-PERSON WET LAB

Damage control ophthalmology references a basic set of principles that all ophthalmologists should master to stabilize an injured eye. The goal of this 7-hour course is to provide the learner with tools to improve patient outcomes after ocular and adnexal injuries.

The learner will leave understanding the arc of diagnosis, medical management, microsurgical stabilization, and reconstruction/rehabilitation of the injured eye and gain the knowledge and surgical skills to confidently initiate damage control procedures.

**Lab Capacity:** 32 residents | fellows | practicing ophthalmologists

### Lab Planning Committee:

Amy Coburn, MD | Boonkit Purt, MD | Grayson Armstrong, MD

### Lab Faculty:

Rupesh Agrawal, MD(Res) (UCL), MMed (Singapore), FRCS(Glasgow), FAMS, DNB, DO  
 Masih Ahmed, MD | Nagham Al-Zubidi, MD | Ore-ofe O. Adesina, MD  
 Grayson Armstrong, MD, MPH | Barton Blackorby, MD | Richard Blanch, MD  
 Isaac Bleicher, MD | Imtiaz Chaudry, MD | Yewlin Chee, MD | Amy Coburn, MD  
 Garvin Davis, MD | Osama Al-Deyabet, MD | Jose Dalma Weiszhausz, MD | Tara Hahn, MD  
 Grant Justin, MD | Robb Mazzoli, MD | Aaron Miller, MD | Peter Mortenson, MD  
 Boonkit Purt, MD | Joanna Queen, MD | Oded Sagiv, MD | Nicholas Max Scoville, MD  
 Ankoor Shah, MD, PhD | Charles Soparker, MD | Marguerite Weinert, MD | Fasika Woreta, MD, MPH
